CAPTIVATING! UNIQUE! POWERFUL.

... These were just a few words our guests used to describe a magical evening with Daniella Mason, curated by Artist Uprising. VisitDallas invited Daniella to perform at a customer appreciation event for one of our industry's biggest events... the Professional Convention Management Association in Nashville. We knew we wanted true Dallas talent to perform at the event and Daniella made VisitDallas and Texas proud. We're quite sure we treated our guests to an intimate performance by an emerging artist, quickly becoming a musical sensation. She was also gracious with our clients taking photos and talking with them. In addition, Artist Uprising was wonderful to work with. We are so proud to call Daniella Mason a Dallas native and a friend of VisitDallas. If you are looking to book the right talent for your event, Artist Uprising knows how to take care of you by finding the right talent.
